

## Purple Ski in Association with La Petite Pia

La Petite Pia is a beautiful free standing chalet situated in the heart of Meribel. Stone clad and spread over three spacious floors, the chalet has wonderful views from the wide sunny balconies over Meribel valley. The interior is a mix of beautiful polished wood and tiled floors and wooden panelled walls; every part of the chalet has been lovingly decorated by the interior designer owner and the result is a charming and individual "home from home" that can't fail to please.

Built into the hillside the entrance is from a wide deck leading into the hall and split level living area which boasts high ceilings and a large stone fireplace.

A tiled staircase leads down to the middle floor to the enormous master bedroom, with its own small sitting room, en-suite bathroom and walk in wardrobe. The large picture windows give access to the bedroom's private balcony and views over the west side of the valley.

The second bedroom is a large wood panelled room with its own small balcony. There is a separate loo and basin and a separate shower room.

The lower floor has a further two wood panelled bedrooms with two private bathrooms situated across the corridor. There is also a spacious cinema / games room on this level with doors leading out to the large and secluded lower terrace, where comfortable outdoor seating and a luxury hot tub are located.

Also on this level is the apartment, which has three further delightful bedrooms which share a bathroom and separate loo.

The chalet is situated a ten to fifteen minute walk from the main ski lifts, however our Purple Ski chauffeurs are always on hand to whisk you to and from the slopes.
